

Project: Compare and Contrast Essay Based on Data Collection

Course Code: SS-1012

Course title: Functional English (Theory)

Section: CS-1H

Name of Group Members:

Roll #:

Weightage: 05

Marks: 30

Deadlines:

Questionnaire submission: November 19, 2024

Complete project submission: December 02, 2024

Important Notes:

1. Marks will be deducted for the project submitted after December 02, and before December 06. After December 06, submission will be closed.
2. Only group leader is supposed to submit the documents on the behalf of the whole group.

Overview:

You will work in groups to conduct research on a selected topic, gather data from your peers, and write a compare and contrast essay using the data collected. This project will help you develop research, basic data analysis, and essay writing skills.

Project Steps and Guidelines

1. Form Groups

- Form groups of **5 members**.
- Ensure all group members participate equally in the project.

2. Topic:

- The list of topics is mentioned below (topics have been assigned to every group):

1. Online vs. In-Person Classes.

3. Online Shopping vs. In-Store Shopping

5. Traditional Advertising vs. Social Media Marketing

6. Social Media Platforms: Instagram vs Facebook

8. Outdoor Games/Sports vs. Indoor Games/Sports

9. Public Universities vs. Private Universities

10. Reading Books vs. YouTube Videos

11. Local/Nationwide Travel vs. International Travel

- After selecting your topic, choose your participants. Make sure to select the appropriate participants as your selected topic.

3. Branch Out Perspectives

- Break down your chosen topic into **three perspectives** you want to explore in your research. For example:
For example, for the topic "Online vs. In-Person Classes": Engagement, Learning Outcomes, and Flexibility can be taken as three perspectives to be chosen to compare and contrast.

4. Prepare a Questionnaire

- Create a questionnaire with **15 questions** that includes both **close-ended** (e.g., Yes/No, multiple choice, Likert scale) and **open-ended** questions (questions should require short responses).
- Your questions should be clear, unbiased, and relevant to your topic and perspectives.
- Submit your questionnaire to the teacher by **19th November**. The teacher will review and finalize **10 questions** for you to use.

5. Data Collection

- Collect responses from **15-20 students** from each of the two departments you have chosen (total of 20-25 responses).
- Use Google Forms (use your nu id) as a survey tool for collecting data. Ensure your data is collected systematically and accurately.

6. Data Analysis

- Once data collection is complete, use the responses to **outline your compare and contrast essay**.
- **Step 1:** Analyze the responses using **graphs** (bar charts, pie charts, etc.) generated by Google Forms. These graphs will help you identify trends and differences in opinions.
- **Step 2:** Use a **Venn Diagram** to visually represent similarities and differences between the two departments based on your research.

7. Essay Writing

- Write a compare and contrast essay, use point-by-point method, based on the data you have gathered.

Word and Limit Structure of the Essay:

- Write **400-500** words.
- Use the format of Introduction, Body paragraphs and Conclusion.
- Write your essay and ensure it is well-organized, clearly written, and free from grammatical errors.

8. Final Submission

- Your final submission should include:
 1. The **outline with the Venn Diagram**.
 2. The **PDF** containing your essay.
 3. The **graphs** generated by Google Forms.
- Submit all components of your project by the specified deadline.

Important Deadlines

- Questionnaire Submission: 19th November
- Final Project Submission: December 2, 2024

Assessment Criteria

Criteria	Yes	To some extent	No
Prepared relevant and clear 15 questions (balanced mix of open and close-ended).			
Utilizes a Venn Diagram to outline and compare key findings.			
Essay includes a clear introduction, three perspectives, and a strong conclusion.			
Demonstrates proper use of grammar, punctuation, and spelling throughout the essay.			
Essay is coherent, with smooth transitions between paragraphs.			
Uses varied sentence structures and vocabulary appropriate for an academic essay.			
Submitted all required components: Word document, graphs, and Venn Diagram timely.
